TESTIMONIALS

“Randy has been a very helpful and collaborative partner over a number of years, and in his observer capacity has been an insightful contributor to the executive team and Board. Zafin has used capital provided by funds managed by Randy on two different occasions, in order to accomplish goals at different points in our growth cycle. When seeking capital the second time, based on previous experience we did not hesitate to work with Vistara again. Their patient and creative investment structures have enabled us to fund our continued accelerated growth path, while creating the flexibility to raise traditional equity capital at more optimal junctures and limit overall dilution.”

AL KARIM SOMJI
CEO, ZAFIN

“Vistara Capital has proven to be a valuable partner. The team takes a proactive approach in understanding the core value of our technology and key growth drivers. Their input has helped us develop an effective and bespoke growth financing solution that has accelerated Blueprint’s sustainable growth trajectory.

We appreciate how Vistara often goes the extra mile; our relationship has yielded exceptional benefits through the many meaningful introductions to their extensive and trusted network of contacts.”

DAN SHIMMERMAN
CEO, BLUEPRINT

“We bootstrapped InvestEdge from an idea to servicing over \$1 trillion in assets in 17 years. We considered equity financing but instead chose Vistara as our first external investor. They created tailored solution to our capital requirements without creating complex equity structures. Their debt funding was exactly what we needed to launch additional products and continue to grow rapidly. Vistara has been a great partner, providing guidance when needed and allowing us to transform our business.”

BOB STEWART
CEO, INVESTEDGE

“Vistara’s creativity and flexibility stood out as we looked at different capital sources to fund our growth plans. They stepped up again as we completed an important acquisition soon into our relationship. Vistara really embodies what it means to be a growth partner, and have proven to bring a lot of value to the table in addition to capital.”

JIM SCHULER
CFO, BACKSTOP SOLUTIONS
